SUMMARY

As a pre-final year BTech student at GLA University, I am a passionate MERN stack developer with hands-on experience in building web applications. I have honed my skills in HTML, CSS, JavaScript, React, Node.js, and MongoDB to develop robust and user-friendly applications. Additionally, I have actively explored the realm of machine learning and have been an operator in machine learning projects, demonstrating my commitment to staying at the forefront of technology. I am eager to contribute my skills and enthusiasm for technology to a dynamic organization, all while continuing my education to further advance my knowledge and capabilities.
